Child

28th

Balloon Release
&
Parents Night out

Message from the Director

We are so close to summer! Just a little over a month and our K4 students will be graduating and we will be kicking off our fun and exciting summer. Be on the lookout for important information coming about summer camp. We are in the process of finishing up a few details and once they are finalized we will get that information out to you. Here is just a sneak peak of summer camp logo. I cannot wait to share MORE!

Kind regards,

Amber Bishop, M.Ed.
Director

Easter Egg Hunt

This year we will be helping families who are wishing to adopt through our annual Easter Egg Hunt. By donating \$3.00 this will help raise money for Robby & Lauren who are hoping to adopt. Robby & Lauren will be stuffing eggs for our egg hunt with each donation as part of their fundraiser for their adoption. We are so excited to partner with them and help them in their adoption process. You can visit their website and meet the family we are helping at RobbyandLauren.com

Week of the Young Child

This is a special week where we celebrate each of our students. Each day will be filled with something special and new for our students to do.

Our theme this year is STEAM, with each day broken down as follows;

Monday- Spectacular Science

Tuesday- Techy Technician

Wednesday- Environmentally Friendly Engineers

Thursday- Aspiring Artist

Friday- Magnificent Mathematics

Friday we will close out our week with a balloon release and encourage all of our parents to come out to enjoy with their child!

Excellent Curriculum for all age groups.
